

## **Bernie the weasel**

To your face he's always friendly  
To your back he's not so kind  
Chatting with a careless air  
But his knife is always primed  
He could be your very best friend  
til he's with other folk  
Then you're just another punch line  
To another sorry joke

He's Bernie the Weasel  
Watch out if he's your friend  
His smile is his easel  
But his art will just offend  
He's Bernie the Weasel  
Watch out if he's your friend  
A sneaky little measle  
And his friendship is pretend

One lurks in every office  
There's one in every crowd  
Watch your back and guard your front  
Whenever he's around

He looks his best when you look bad  
And thinks it makes him wise  
Creating nasty foibles  
And spreading wicked lies

He's Bernie the Weasel  
Watch out if he's your friend  
His smile is his easel  
But his art will just offend  
He's Bernie the Weasel  
Watch out if he's your friend  
A sneaky little measle  
And his friendship is pretend

He sniffs the air for something new  
Then smirks and gives a wink  
A rascal with a sinister flair  
For finding your weak link

He sniffs the air for something new  
Then darts back underground  
He'll pop back up with wicked plans  
To bring somebody down

One lurks in every office  
There's one in every crowd  
Watch your back and guard your front  
Whenever he's around

To your face he's always friendly  
To your back he's not so kind  
Chatting with a careless air  
But his knife is always primed

He's Bernie the Weasel  
Watch out if he's your friend  
His smile is his easel  
But his art will just offend  
He's Bernie the Weasel  
Watch out if he's your friend  
He's a sneaky little measle  
And his friendship is pretend

He's Bernie the Weasel  
Watch out if he's your friend  
He's Bernie the Weasel  
And his goal is your end
