

Someone Else

In your dreams
Are you with me
Or do you see
Someone else
In your private thoughts am I your man
Or is there someone else

When you wake
Do you want me
Or do you reach
For someone else
In your private thoughts am I your man
Or is there someone else

At night I lay awake wondering why
You'd take a chance with some other guy
Whatever I did or didn't do I swear I'll make it up to you
Or tell me I'm wrong and let me know we're fine
Otherwise why won't you explain my crime?
Whatever I did or didn't do I swear I'll make it up to you

Lead

Through the day
Do I inspire
Or is the fire
For someone else
In your private thoughts am I your man
Or is there someone else

End:
In your private thoughts am I your man
Or is there someone else

Pause:
In your private thoughts am I your man
Or is there someone else
