

Walkin' Away

Walkin' Away with a young girl's heart
Walkin' Away will tear her heart apart
Walkin' away is just a sport to you
You take 'em then you leave 'em and you find someone new
And then again you're just walkin' away

Walkin' away with another fling
Walkin' away you'll tell her anything
Walking away gives you quite a thrill
She'll ask if you love her and you tell her you will
And then again your just walkin' away

Well my friend this time
 The girl you're chasin' is mine
What I ignored before
 I can't tolerate anymore
Get out of my sight before I do something
 You and I will regret
